

A PLC is a specialised computer intended to control machinery or electro-mechanical equipment. They also have large no of ports interacting with analog systems, sensors, switches, motors, and various other systems.

Web based remote monitory from Digital Reach enables access to up-to-date control system information through a web browser. Multiple users of the remote monitoring software can view the same dashboard for the equipment status at once.

OUR OFFERING

Digital Reach provides complete IoT gateway / controllers from data acquisition, transmission (3G/LTE/Wi-Fi) and computing in order to help our customers use intelligent systems using our extensive resources. Customers can focus on their smart applications with minimal system integration effort. Our solution offerings & services are fully compatible with most of the applications and provide all the components customers need for building an intelligent system.

FEATURES

- ⇒ User based authentication access to PLC
- ⇒ Realtime monitoring of equipment
- ⇒ System alerts via SMS and email for user defined parameters and threshold levels.
- ⇒ Data storage on cloud for retrieval for long period.
- ⇒ Various communication method wire / wireless, GPRS, 3G, LTE,
- ⇒ PLC data can be accessed from PC, Tablet and Smartphone

BENEFITS

- ⇒ Better control of equipment connected to PLCs and improved service to your customers.
- ⇒ Fewer maintenance visits
- ⇒ Resource centralization
- ⇒ Data for decision makers
- ⇒ Opportunity for cost reduction.

PLC Monitoring

ABOUT US

Digital Reach is an IoT based solution company. We are experts in combining technical knowledge and insights from our extensive experience in the field to create Internet of Things (IoT) solutions, with our strong focus on innovation and integration with customer domain expertise. We create monitoring and control products and solutions that improve processes and services for our customers.

With our expertise is in embedded hardware development, embedded software development, system integration and project execution, in everything we do, we apply our values of respect and honesty through a commitment to teamwork and a high degree of responsibility to our customers, not only to satisfy but also to exceed our customer's expectations.
